EDUCATION

Anusha vidyalaya Matriculation School(SSLC) : 97.4%	2019-2020
Pasumalai Higher Secondary School (HSC) : 75.16%	2021-2022
B.tech: Information Technology, Sethu Institute Of Technology	2022-2026
CGPA (Upto 7th Semester) : 8.5	

OBJECTIVE

Motivated B.Tech Information Technology student with a strong foundation in Artificial Intelligence, Python, and AI models. Seeking to leverage technical skills and leadership experience as an AI Developer to contribute to innovative projects and enhance user experiences.

SKILLS

TECHNICAL SKILLS

- Programming & AI: Python, Java, SQL,HTML, CSS;AI/ML skills with LLMs, Langchain , CrewAI, RAG, Embedding Models , flask, CRM, Nlp, ML and DL .
- Web & Database: WebDevelopment using Streamlit;database and spreadsheet handling with FastAPI , Google Sheets API, and Excel API
- APIs & Tools: Integration with OpenAI,Groq, Gemini, GoogleCloud APIs; tools including HuggingFace,React js, Git, Anaconda, and Visual Studio Code (VS Code)

SOFT SKILLS

- Strong in problem-solving, time management, communication, and team collaboration, with a proven ability in decision-making under dynamic project requirements.

EXPERIENCE

INFOSYS SPRINGBOARD | AI INTERNSHIP COMPLETED(ONLINE) (DEC 2024 - FEB 2025)

Worked on AI projectsinvolving LLMs, data analysis, and API integration while actively collaborating with a team to solve real-world problems.

PROJECTS

DEVELOPED AN AI CALL ASSISTANT FOR LIVE SALES CALLS (DEC 2024-FEB 2025)

Developed a voice-enabled product information and recommendation system using Streamlit (front-end) and Python (back-end) with Sentence Transformer (LLM), RAG, Groq API, CRM on Google Cloud, and Excel. Integrated live voice query handling, product data retrieval, interactive charts for feedback and purchase history, and admin data management features.

DEVELOPED AI Quiz & Exam Conducting Platform (10 FEB 2025- 21 FEB 2025)

Developed an integrated AI-powered platform using Streamlit and Python, combining quiz system, CRM dashboard, and chatbot. Used Groq LLM and Sentence Transformers for dynamic MCQ generation and intelligent query handling (RAG). Implemented topic-wise quizzes, real-time timer, multiplayer mode, live leaderboard with Firebase, and CRM features for customer tracking, sales analytics, and data visualization. Deployed on Hugging Face.

AWARDS

- 3rd Prize – IoT Mastermind, Sri Eshwar Engineering College – Recognized for innovative use of IoT components in a smart systems challenge.
- 2nd Prize – AI Games, Sri Eshwar Engineering College – Developed engaging and intelligent AI-based games.
- 2nd Prize – MAKE_A_THON, Sri Eshwar Engineering College – Built functional IoT hardware devices demonstrating technical excellence.
- 3rd Prize – BOT BATTLE, Sri Eshwar Engineering College – Created an interactive and intelligent AI chatbot.

CERTIFICATES

- AI Foundation Certificate, Infosys Springboard
- Artificial Intelligence Primer Certification, Infosys Springboard
- Privacy and Security in Online Social Media, NPTEL

VOLUNTEER ACTIVITIES

Organized and hosted a technical event with a Kahoot quiz in related(AI topics), ensuring smooth execution and engagement for all participants.
